

Water Samples - Fees And Procedures

Water samples can be obtained from the Alexander County Environmental Health Division by visiting their office, at 6125 NC Hwy 16 South (the old Wittenburg School) in Taylorsville, to submit an application and pay the fee or by downloading the [application \(PDF\)](#) and mailing the completed form to Environmental Health at 6125 NC Hwy 16 South, Taylorsville, NC 28681, together with the applicable fee listed below.

[See Fees \(PDF*\)](#)

Water samples are taken on Monday and Tuesday.

Contact Environmental Health between 8 am and 9 am after the application has been submitted to schedule a day for the sample to be taken.

Bacteriological sample results take 4-5 days, chemical sample results take 3-4 weeks and all other sample results take 1-2 months.

Keep a copy of your completed application until the process is complete.
