PUBLIC HEARING: REZONING CASE 18-3 – BETHLEHEM FIRE & RESCUE, INC.

Jon Pilkenton, Director of Planning & Development, presented Rezoning Case 18-3 submitted by Bethlehem Community Fire & Rescue, Inc. who requested rezoning of property located at 235 Teague Town Road from RA-20 (Residential-Agricultural) to N-B (Neighborhood Business) so that it can be sold to a potential buyer who plans to store equipment for a pressure washing business in the former fire department building. The size of the property tract is approximately a half acre. Zoning districts and land uses within 100 feet include RA-20 to the north, east, and west along with L-I (Light Industrial) to the south.

After reviewing staff comments related to the size of the tract, compatibility of the disputed zoning action with an existing comprehensive plan, benefits and detriments resulting from the zoning action for the petitioning property owner / neighbors / and surrounding community, and the relationship between the uses envisioned under the new zoning and the current uses of adjacent land, Mr. Pilkenton advised that the rezoning was consistent with the adopted goals and policies of the 2008 Comprehensive Plan which identifies this area as being designated for commercial use.

Letters were sent by first class mail to property owners within 100 feet of the parcel boundary, a sign was posted on the property, and a notice was placed in The Taylorsville Times.

In addition to staff’s recommendation for approval, the Planning & Zoning Commission held a public hearing on August 3, 2018 to review the request and voted unanimously to recommend approval based on the following:

1. The rezoning request is consistent with the future land use map in the 2008 Comprehensive Plan and its adopted goals and policies.

2. The request will not negatively impact the surrounding properties with regards to residential development.

He advised that based on the information provided, the Board must determine whether the rezoning request meets the guidelines set forth and is reasonable in regards to the public interest considering all uses within the requested zoning district, not merely the use of which the applicant proposes.

After a motion by Vice-Chairman Lail, second by Commissioner Campbell, and unanimous vote, Chairman Reese called the public hearing to order and requested any comments. There being
none, Vice-Chairman Lail made a motion to close the public hearing. Commissioner Campbell seconded the motion, which passed unanimously.

Chairman Reese made a motion to approve Rezoning Case 18-3 based on recommendations from staff and the Planning & Zoning Commission that the rezoning request is consistent with the future land use map, adopted goals, and policies in the 2008 Comprehensive Plan and would not negatively affect the surrounding properties in regards to residential development.
