4. Click Log On.

5. The OWA main page will look like this:

How to Use Microsoft Outlook Outlook Web Access (OWA) - Version 2003

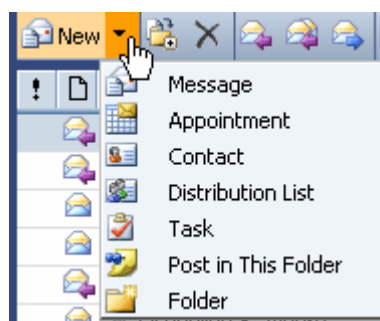

OVERVIEW OF BUTTONS AND TOOLBARS FOUND IN THE OWA FOLDERS

INBOX - MAIL ITEMS

Messages are delivered to your mailbox on a Microsoft Exchange Server where they are stored in your INBOX by default. Here is a brief overview of the toolbars and buttons found in the inbox.

Click here to compose a new message.

Click on the drop down arrow  next to New to see more options for creating new items such as appointments, contacts, tasks, folders, etc.

This drop-down menu is available at all times. The options displayed on the button depend on the window you are working in, as does the list of options that displays when you click on the down-arrow to the right of the button. For example, use the FOLDER option to create a new folder.

Click here if you wish to reply to the message currently highlighted or in the preview pane.

Click here if you wish to reply to EVERYONE that received this email.

Click here to forward a copy of the message currently highlighted or in the preview pane to someone else.

Click here if you wish to delete the selected message.

Click  if you wish to change how you preview messages. You can turn this feature off or you can choose to preview messages at the bottom or at the right of your OWA screen.

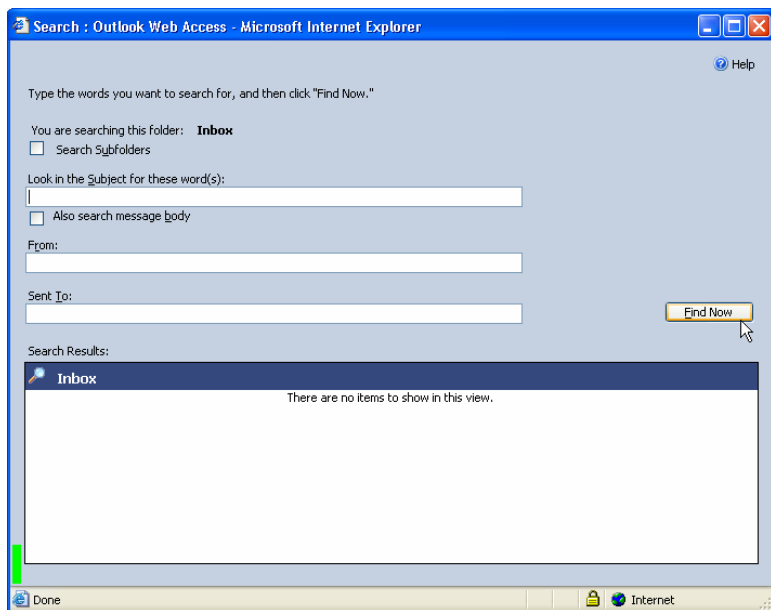

Click here to check for new messages.

How to Use Microsoft Outlook Outlook Web Access (OWA) - Version 2003

Click here to search for messages. The window below will appear.

Click  if you need help. The window below will appear.

How to Use Microsoft Outlook Outlook Web Access (OWA) - Version 2003

Click  to see the address book. The window below will appear.

Name	Phone	E-mail	Office	Job title	Company
------	-------	--------	--------	-----------	---------

There are several ways to search in the address book. Type in the field that you wish to search and click FIND .

Name	Phone	Alias	Office
Alf			
An			
An			
An			
An			
Arl			
Au			
Be			
Bill			
Bri			

Information from the Global Address List will populate fields in this dialog box.

The "Global Address List" includes all Alexander County employees.

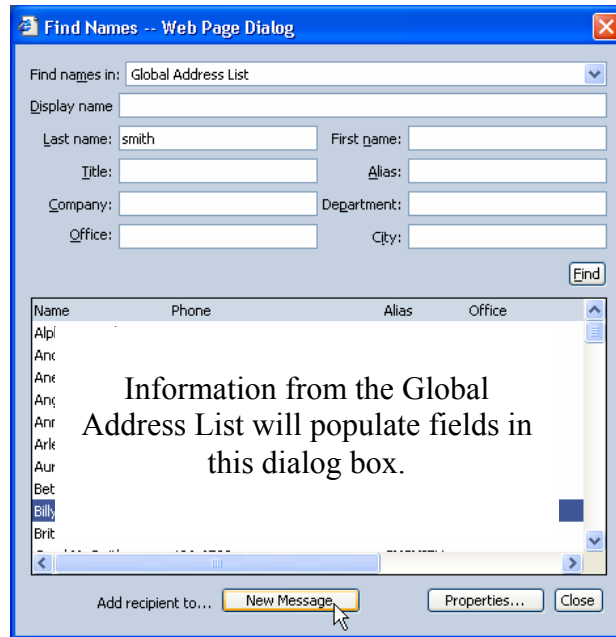

Search by last name.

A list of all people with the last name of Smith will appear.

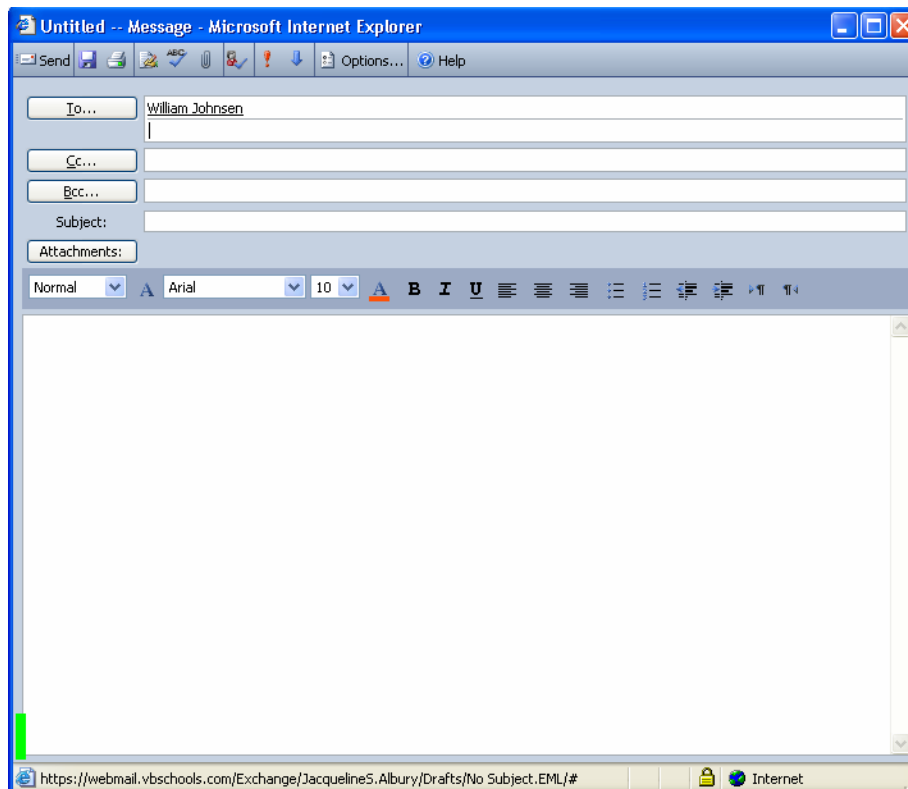

How to Use Microsoft Outlook Outlook Web Access (OWA) - Version 2003

To send a new message to someone in the address book, highlight his/her name and select NEW MESSAGE .

NOTE: You will need to close the address book manually by selecting CLOSE .

A blank message window will appear.

How to Use Microsoft Outlook Outlook Web Access (OWA) - Version 2003

When working with your INBOX , you may want to sort messages in a variety of ways.

Click here if you want to sort by first name.

Click here if you want to sort by subject.

Click here if you want to sort by date received. You can have the most current listed first or listed last.

CALENDAR

The OWA Calendar allows you to create and track appointments. You can also organize and schedule meetings with co-workers, then update or modify the information (time, location, attendees) as required. When you use Calendar to keep track of your meetings and appointments, co-workers can check your availability for their own scheduling purposes (they CANNOT see the details of your appointments - only that you are "BUSY", "OUT OF THE OFFICE", or "FREE"). Here is a brief overview of the toolbars and buttons found in the calendar folder.

Click this button to schedule a meeting or set up an appointment.

Click here to print items from the calendar.

Click here to delete items from your calendar. BE SURE you have the item selected before you click delete. You WILL NOT get a prompt asking if you are sure that you want to delete something.

Click here to go to today in the calendar.

Click here to switch to daily view.

Click here to switch to weekly view.

Click here to switch to monthly view.

Click here to search for items in the calendar.

How to Use Microsoft Outlook Outlook Web Access (OWA) - Version 2003

Click here to view reminders of upcoming meetings or appointments.

CONTACTS

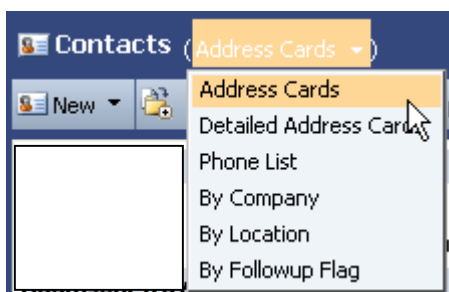

Use **Contacts** to store the e-mail address, street address, phone numbers, and other information that relates to the contact. This can include Web pages, birthdays and anniversaries, and fax or cell phone numbers. **NOTE:** To print contact information the contact must be opened. To open a contact, double-click on the contact name. Here is a brief overview of the toolbars and buttons found in the contact folder.

Click here to create a new contact.

Click on the arrows to move forward and backward in your contacts.

Click on the arrow next to the word **Address Cards** to change the way you view your contacts.

DELETED ITEMS

The Deleted Items folder stores contacts, emails and/or appointments that you delete. You can view these items in the Deleted Items folder. Once you delete items from this folder, they will be **PERMANENTLY** removed from your mailbox. Provided below is a brief overview of buttons unique to the Deleted Items folder.

Click here to empty the deleted items folder.

Click here to recover deleted items.

DRAFTS

In the drafts folder you will find those items such as contacts, emails and/or appointments that are incomplete. For toolbar information, please refer to the **MAIL - INBOX ITEMS** overview.

How to Use Microsoft Outlook Outlook Web Access (OWA) - Version 2003

NOTES

Notes are the electronic equivalent of paper sticky notes. Use notes to jot down questions, ideas, reminders, and anything you would write on notepaper. Notes are also useful for storing bits of information you may need later, such as directions or text you want to reuse in other items or documents.

Click here to create a new note.

OUTBOX

The Outbox folder stores e-mail until it is sent. For toolbar information, please refer to the MAIL - INBOX ITEMS overview.

SENT ITEMS

The Sent Items folder stores a copy of each message that has been sent. For toolbar information, please refer to the MAIL - INBOX ITEMS overview.

TASKS

The Tasks folder provides access to your Outlook tasks. In the OWA version of the Tasks folder you can only assign a task to yourself and view any other tasks already created. Here is a brief overview of the toolbars and buttons found in the Tasks folders.

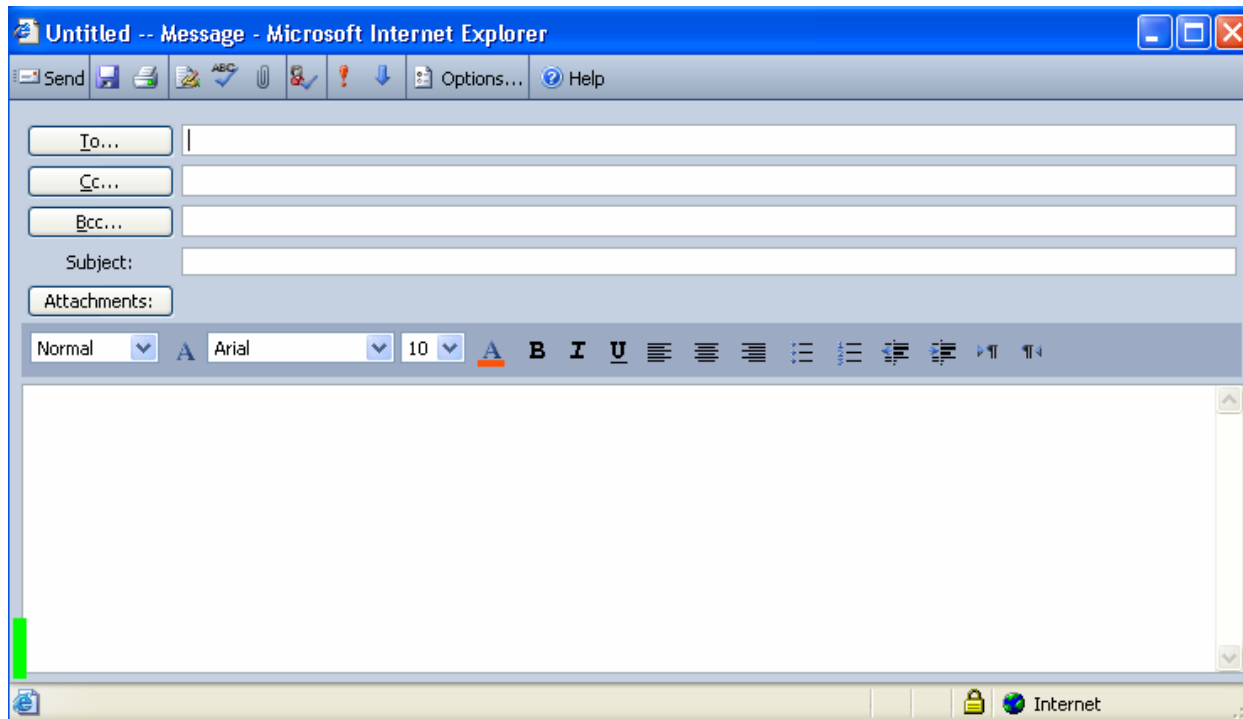

Click here to create a new task.

1. While in the contacts folder (see picture), click on

2. The New Contact window will launch.

3. Enter as much information as desired. There are **NO REQUIREMENTS** on what you have to enter.

4. Once you have completed click on

A screenshot of a web browser window titled "Untitled - Contact - Microsoft Internet Explorer". The window displays a form for creating a new contact. The form is divided into two tabs: "General" and "Details". The "General" tab is active and contains several input fields: Last Name, First Name, Middle Name, Job title, Company, and File As (with a dropdown menu set to "Last, First"). On the right side, there are fields for Business Phone, Home Phone, Mobile Phone, and Assistant Phone (with a dropdown menu). Below these are fields for Mailing address (with a checkbox), Street, City, State/Province, Postal Code, and Country/Region. On the far right, there are fields for E-mail (with a dropdown menu), Display Name, and E-mail address. At the bottom of the form, there is a field for Web page address and an Attachments section with a large empty text area. The browser's address bar shows "Internet".
