

Online Voter Registration Service

This guide provides step-by-step instructions on how to access the online voter registration service through myNCDMV

Existing N.C. Division of Motor Vehicles (NCDMV) customers with an NCDMV-issued driver's license or ID card may register to vote or change parts of their registration online.

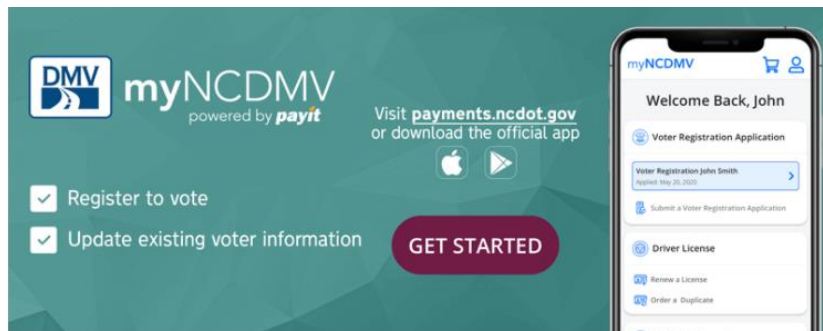

If you have a NC Driver's license or ID Card, you can use this online service to:

- Register to vote
- Update your voter registration address
- Update your party affiliation

The NC DMV online platform does not allow users to make a name change. You can change your name for voter registration purposes only by downloading and submitting a voter registration application to the county board of elections. The online service is offered through a partnership between the DMV and the NC State Board of Elections. It does not require you to complete a DMV transaction (such as duplicate or license renewal) at the same time. There is no fee for voter registration services. Once the online application is complete, it is sent to the State Board of Elections, which will handle your voter registration.
