

Make your appointment now to donate blood

ALEXANDER COUNTY, NC -- With thousands of blood drives canceled during the COVID-19 pandemic, the American Red Cross is working hard to open new donation sites.

In Alexander County, there are four (4) blood drives in May 2020, with 10 additional drives already planned for the remainder of 2020. Please review the list of upcoming blood drives, and schedule your appointment as soon as possible as the need for blood is great.

To support social distancing, appointments are now required. To schedule an appointment to donate blood, visit www.redcrossblood.org/give.html/find-drive and type in "28681," send an email to customercare@redcross.org, or call 1-800-RED-CROSS.

Donating blood products is essential to community health and the need for blood products is constant. Healthy individuals can still donate in areas that have issued "Stay at Home" declarations. The Red Cross follows the highest standards of safety and infection control, and volunteer donors are the only source of blood for those in need. There is no known end date in this fight against coronavirus, and the Red Cross needs the help of blood and platelet donors and blood drive hosts to maintain a sufficient blood supply for weeks to come.
