

Alexander County North Carolina

Request for Proposals No. 2023- 0201 Managed Print Services

ADDENDUM #1 - 02/02/2023

1. The RFP document posted on 02/01/2023 contained an error in Section 10 – Appendix A “Cost Proposal”. On page 1 of 2 of Appendix “A”, the chart showing estimated monthly usage totals contained erroneous estimates. The chart was revised to reflect accurate average monthly usage totals for the prior year.
2. Question: “Will Alexander County require all new machines to be deployed or allow used machines?”
 - a. Answer: *Alexander County does not have a preference on the use of used or new machines to be provided under the proposal. The only stipulation is that machines provided must be up-to-date and in good working order. The County’s preference would be new machines, however if the vendor elects to provide a mixture of new and used machine, this is permissible.*
